

CUSTOMER PERFORMANCE UPDATE

Bobby Jones Golf Course

Since launch • dashboard view: Last 1 Year • Online booking link + staff hand-off • Prepared 24 July 2026

Performance at a glance

175 Booking opportunities captured	1,209 Calls handled	12h 56m Time saved
34.2% First-call resolution	796 Calls transferred	\$271.86 Estimated cost saved

A new view of booking demand. Booking Opportunities Captured was introduced last week, so 175 is a partial-period baseline rather than a since-launch total. It counts calls where someone expressed an intent to book, play or reserve and SpeakSport took the correct next action—sending the booking link or transferring the caller to staff.

AFTER-HOURS IMPACT

64 After-hours opportunities	608 After-hours calls	6h 22m After-hours time saved	36.0% After-hours FCR
--	---------------------------------	---	---------------------------------

What has worked brilliantly

A review of 944 calls from 16–23 July 2026 showed three especially strong patterns:

Booking intent converted into an immediate next step

When a caller wanted a tee time, SpeakSport recognised the intent and delivered the online booking route without requiring staff involvement.

Caller: “Looking for a tee time today.” SpeakSport offered to text the direct booking link; after the caller agreed: “I’ve just sent that link straight to your phone.”

Call on 22 July at 1:59 PM

Special booking rules triggered the right hand-off

SpeakSport distinguished a Youth on Course request from a standard online booking and connected the caller with the golf shop for the reservation that required staff support.

“For Youth on Course tee times at the \$5 rate, those must be booked directly with our golf shop. Would you like me to transfer you?”

Call on 23 July at 1:58 PM

Practice-facility questions resolved on the call

Callers received precise operating information immediately, avoiding an unnecessary transfer for routine questions.

Caller: “Driving range hours.” SpeakSport provided the weekday, Tuesday and weekend opening times and confirmed that the range closes at dark each day.

Call on 22 July at 10:39 PM

What we have rolled out

For Bobby Jones, we have focused recent improvements on capturing booking demand reliably, giving callers the right online path and making each hand-off easier to understand.

Booking-opportunity tracking. The new KPI makes previously invisible booking demand measurable, including both text-link delivery and appropriate transfers to staff.

Stronger booking-intent recognition. SpeakSport is better able to recognise when a caller wants to book, reserve or play—even when speech recognition turns “tee time” into something less obvious.

Clearer online-booking hand-off. Standard booking callers can receive the direct link by text, while exceptions and callers who need human help are routed to the golf shop.

Richer back-office reporting. The dashboard now supports filtering calls by intent, category and outcome, making demand patterns and operational opportunities easier to find.

Building the next chapter together

We will continue enriching SpeakSport with capabilities such as self-serve knowledge-base updates and even better reporting. We would love Bobby Jones to remain part of that journey—please keep sharing feedback, ideas and initiatives you would like us to explore.

NEAR-TERM DIRECTION

Self-serve knowledge base

Make it easier for your team to keep answers, hours and operating information current.

Even better reporting

Add clearer views of booking demand, link delivery, hand-offs and caller outcomes.

About the figures and excerpts

Dashboard figures were supplied from the Bobby Jones SpeakSport dashboard. Call excerpts were selected from 944 calls reviewed for 16–23 July 2026 and lightly edited only for transcription clarity; personal contact details were omitted.
