What has worked brilliantly

A review of 194 calls from 28–31 July 2026 showed three especially strong patterns:

The new booking workflow was used successfully on day one

On the first day of direct booking, a caller requested a same-day 2:42 PM tee time for two players. SpeakSport surfaced the available choices, secured the requested time and confirmed the 18-hole reservation with carts.

"You've got it—two players today at 2:42 PM, eighteen holes at Gypsum Creek Golf Course with carts."

Call on 28 July at 5:44 PM

An exact four-player request was booked without a handoff

A caller asked for 1:42 PM the following day for four players and 18 holes. SpeakSport verified availability at the requested time, captured the reservation details and confirmed the booking with carts included.

"I have a tee time available tomorrow ... at 1:42 PM for four players playing eighteen holes." The reservation was then confirmed during the call.

A near-time alternative became a confirmed group booking

When a four-player group asked for 3:00 PM on Saturday, SpeakSport gave nearby nine-hole options. The caller selected 3:06 PM, and the tee time was confirmed with carts included.

"I found a few options close to 3:00 PM ... 2:18 PM, 3:06 PM, 3:18 PM, and 3:30 PM."

What we have rolled out

We have continued strengthening the integrated experience around booking accuracy, reservation servicing and clearer operational insight.

Cancellations on the call. Golfers can now cancel eligible bookings directly with SpeakSport, reducing avoidable transfers and making it easier to release tee times promptly.

Stronger booking-eligibility verification. Booking windows, customer context and other applicable booking rules are checked before a reservation is created.

Upcoming-booking confirmations. When golfers ask about an upcoming reservation, SpeakSport can retrieve and confirm the booking details during the call.

Richer back-office reporting. The dashboard now supports filtering calls by intent, category and outcome, making performance patterns and operational opportunities easier to find.

Building the next chapter together

We will continue enriching SpeakSport with capabilities such as self-serve knowledge-base updates and even better reporting. We would love Gypsum Creek to remain part of that journey—please keep sharing feedback, ideas and initiatives you would like us to explore.

NEAR-TERM DIRECTION

Self-serve knowledge base

Make it easier for your team to keep rates, policies, facility information and caller guidance current.

Even better reporting

Add clearer views of booking demand, eligibility, preferred playing times and caller outcomes.
