What has worked brilliantly

A review of 672 calls from 24–31 July 2026 showed three especially strong patterns:

Two reservations were completed in a single call

A caller first booked a single-player round for Tuesday, then asked for a second tee time for two players on Thursday. SpeakSport found nearby alternatives to the requested 10:00 AM times and confirmed both reservations without a staff handoff.

"The closest available tee time to 10:00 AM on Tuesday is 10:50 AM." SpeakSport confirmed that booking, then completed the caller's second reservation for Thursday at 11:00 AM.

Booking eligibility was checked before offering alternatives

For an August 6 request, SpeakSport confirmed that the date was inside the two-week booking window, collected the playing details and offered the nearest available times when 9:00 AM was unavailable. The caller selected 8:50 AM and the reservation was completed.

"August 6 is next Thursday, which is within our two-week booking window." SpeakSport then offered 8:30, 8:40, 8:50 and 9:30 AM as alternatives.

A senior-rate question flowed directly into a booking

SpeakSport explained when the senior special applies, gathered the caller's preferred day, time and cart choice, and found two nearby options. The caller selected 10:50 AM and the two-player reservation was confirmed.

"The senior special is available for golfers ages 55 and older, Monday through Friday from 7:30 AM to 5:50 PM, excluding holidays."

What we have rolled out

We have continued strengthening the integrated experience around booking accuracy, reservation servicing and clearer operational insight.

Cancellations on the call. Golfers can now cancel eligible bookings directly with SpeakSport, reducing avoidable transfers and making it easier to release tee times promptly.

Stronger booking-eligibility verification. Booking windows, customer context and other applicable booking rules are checked before a reservation is created.

Upcoming-booking confirmations. When golfers ask about an upcoming reservation, SpeakSport can retrieve and confirm the booking details during the call.

Richer back-office reporting. The dashboard now supports filtering calls by intent, category and outcome, making performance patterns and operational opportunities easier to find.

Building the next chapter together

We will continue enriching SpeakSport with capabilities such as self-serve knowledge-base updates and even better reporting. We would love Heritage Bluffs to remain part of that journey—please keep sharing feedback, ideas and initiatives you would like us to explore.

NEAR-TERM DIRECTION

Self-serve knowledge base

Make it easier for your team to keep rates, policies, facility information and caller guidance current.

Even better reporting

Add clearer views of booking demand, eligibility, preferred playing times and caller outcomes.
