What has worked brilliantly

A review of 358 calls from 24–31 July 2026 showed three especially strong patterns:

A single-player request was converted from earliest availability

A caller asked for the earliest nine-hole tee time that day. SpeakSport found the 2:10 PM slot, completed the walking reservation and answered the caller's follow-up question about whether they might be paired with other golfers.

"The earliest available tee time for 9 holes today is 2:10 PM." SpeakSport then confirmed the booking and explained the likely pairing experience for a single player.

An unavailable request became a confirmed nearby option

When a two-player request for 10:30 AM could not be accommodated, SpeakSport clearly gave the next available choices. The caller selected 11:50 AM and the nine-hole cart booking was confirmed without a staff handoff.

"Our first available tee time for 9 holes today is at 11:50 AM. After that we have 2:10, 2:20 and 2:30."

Call on 29 July at 1:21 PM

Booking details were clarified before confirmation

A three-player group asked for 18 holes at 10:40 AM and initially gave an unclear response about carts. SpeakSport checked the detail, captured the group's correction to riding, verified availability and confirmed the requested time.

"Thank you for clarifying. I'll mark your group as riding in carts." SpeakSport then confirmed three players at 10:40 AM.

What we have rolled out

We have continued strengthening the integrated experience around booking accuracy, reservation servicing and clearer operational insight.

Cancellations on the call. Golfers can now cancel eligible bookings directly with SpeakSport, reducing avoidable transfers and making it easier to release tee times promptly.

Stronger booking-eligibility verification. Booking windows, customer context and other applicable booking rules are checked before a reservation is created.

Upcoming-booking confirmations. When golfers ask about an upcoming reservation, SpeakSport can retrieve and confirm the booking details during the call.

Richer back-office reporting. The dashboard now supports filtering calls by intent, category and outcome, making performance patterns and operational opportunities easier to find.

Building the next chapter together

We will continue enriching SpeakSport with capabilities such as self-serve knowledge-base updates and even better reporting. We would love The Meadows to remain part of that journey—please keep sharing feedback, ideas and initiatives you would like us to explore.

NEAR-TERM DIRECTION

Self-serve knowledge base

Make it easier for your team to keep rates, policies, facility information and caller guidance current.

Even better reporting

Add clearer views of booking demand, eligibility, preferred playing times and caller outcomes.
